Cool nights and warm days filled with sunshine help the Merlot grapes to thrive in Italy's Veneto region where Merlot is produced.

Fermentation: which is temperature controlled at 25–27°C for 8–10 days.

Tasting Notes: Ruby in colour with purple highlights and aromas of berries and chocolate, this velvet-textured Merlot is medium-bodied with plum and cinnamon.

flavours: Soft tannins, with a smooth, rich finish. Pair with steaks, burgers, roast beef, poultry or flavourful cheeses.

Vinification process: The grapes are de-stemmed, then very gently crushed, causing as little damage as possible to the skins. Very frequent remontage takes place before and during fermentation to obtain optimum colour extraction and soft tannins. There is a total of 15 days skin contact before racking.

CORTE MOSCHINA

We became the worthy representatives of the traditional Italian character thanks to the love for the territory, the passion for authenticity, the years' work which has been handed down from one generation to another and the will to be the best version of ourselves. Our history is the result of the connection between past and future. It has been possible through the dedication and the will to tell others about our tradition, not with words, but with flavours, colours and scents: of wine.
