CASALE
CINQUE SCUDI

The Casale Cinque Scudi farm was founded in 1985 and is owned by the Mariani family. The .Cinque Scudi. project began in March 2009 when the youngest member of the family, after carrying out various research on the vineyards owned, found some historical references that in short said: .after the pontificate of Pius IX, before the lira was introduced, the last Five Scudi are said to have been used to buy all the production of the fine wine intended for ecclesiastical functions and from that moment on the wines of that area were called: .Cinque Scudi.. From there the idea of believing in this project was born and in fact the youngest member of the family, Daniele Mariani, is keen to point out that his family has been producing wine grapes for 4 generations and signs his most prestigious bottles with a phrase. .All this would have been worthless if deep down in that root of a winemaker, that passion that animates this profession of mine had not come to life.
